

SYED FAHAM HUSSAIN

Software Engineer | Frontend Developer | QA Engineer

📍 Korangi 4, Karachi 📞 0318-2708245 ✉ fahamhussain14@gmail.com

◆ Objective

Software Engineering Graduate with hands-on experience developing responsive web applications, desktop applications, and basic mobile applications using React.js, Python, C#, and Flutter. Skilled in frontend development, databases, software testing, and problem-solving, with a strong foundation in data structures and algorithms. Seeking an entry-level Software Engineer, Frontend Developer, Python Developer, or QA Engineer role to build scalable, high-quality software solutions.

◆ Volunteer Experience

Motivated Software Engineering Graduate with hands-on experience in frontend development, Python, and software development projects. Passionate about building modern applications, solving real-world problems, and continuously learning new technologies. Eager to contribute technical skills and grow as a Software Engineer in a collaborative environment.
